

DRAFT

HiLine Resource Management Plan and Environmental Impact Statement

VOLUME II

March 2013

HiLine District Office

The Bureau of Land Management's multiple-use mission is to sustain the health and productivity of the public lands for the use and enjoyment of present and future generations. The Bureau accomplishes this by managing such activities as outdoor recreation, livestock grazing, mineral development, and energy production, and by conserving natural, historical, cultural, and other resources on public lands.
